

I want to go to University

Our Apprenticeships do not carry UCAS points, however, UCAS recommend you call the universities about the course as they often favour vocational experience.
If you lack the academic qualification you could apply to do the Foundation degree, then progress to the full degree or do a top up course.
An example of Higher Education courses:
BA Hons in Business Management
BA Hons in Business Administration
Business Studies Degree

Enter full time employment with a qualified salary
Your job in the Business Sector could lead to work throughout the UK. The skills you learn are core skills and can transfer to many other sectors
